Heavenly Refraction

FRIEDRICH GRAY

The Look

Jackets with huge crossover front panels, diagonal zip detail, off-kilter necklines and asymmetrical panelling added interest to Designer Ben Pollitt's loose, layering. The scattered addition of sleek body con dresses – mini and maxi – added dimension to the Friedrich Gray 'Refraction' themed collection.

CND's Finishing Touch

Following a very specific brief which set off the collection perfectly, CND nail stylist Johnathon Hardy created boy short sharp nails painted in CND Silver Chrome with a razor thin tip in CND Blackjack.

Nail this look at home:

1. Using a **Kanga File**, shape nails to a short square.
2. Apply one coat of **Ridge Out Base Coat** to create a perfectly smooth base.
3. Apply two coats of CND **Silver Chrome** to the entire nail. Once dry (and with a very steady hand) paint a super-fine tip in CND **Blackjack**.
4. Seal the design in record time with one coat of **Speedy Top Coat**.
