A Daring Romance

ROMANCE WAS BORN

The Look

Those crazy kids at Romance Was Born came back to amaze us once again this year. Titled 'Dinosaur Renaissance' the audience was treated to opulent gold embellishment, prehistoric leather fins, scrunched thigh-length gold boots tethered in rope, neon-infused kaleidoscopic prints, sharp gold spikes and lizard-like frills. Amongst their fascinating collection were 11 mind blowing 'creatures', including Volcano Girl, Snake Guts and our fave - Nail Slut, for which CND stylists hand-painted over 2000 tips to be sewn into outfits!

CND's Finishing Touch

Talons, talons, talons! And fittingly reptilian at that... Nails were 7cm claws painted with various shades from CND's Colour & Effects collection - Blackjack, Raisin in the Sun, Gold & Silver Chromes, Green Scene to name just a few. Claws were then embellished with glitters, shells, feathers and ribbons to complete each unique look. A staggering 15 different nail designs were created for this theatrical spectacular!
